## SHIP GOES ON ROCKS

### Ran Aground at Full Speed In Blinding Snowstorm.

### PASSENGERS WERE RESCUED

**Steamer Elsie Was, Fortunately, Near at Hand and Came to the Assistance of Distressed Vessel—She Will Probably Be Total Loss.**

Seattle, Wash., March 23.—A dispatch to the Post-Intelligences from Valdez, says:

On the rocks within an eighth of a mile of Bushby Island, the steamship Saratoga of the Alaska Steamship company, went aground during a blinding snowstorm Friday.

The vessel was going at full speed ahead and the shock came without warning.

The vessel is caught amidships and as she is heavily loaded forward and aft, steamship men here fear that she will break in two on the falling of the tide.

Half an hour after the vessel went aground the storm subsided and the order was given for the launching of the lifeboats to carry the passengers back to Valdez, when the steamer Elsie came round the island. After taking the passengers to Valdez, the Elsie returned to the wreck to stand by in case it breaks up.

The Saratoga was one of the Northwestern Ship company's vessels taken over by the Alaska Steamship company at the first of the year.

Both cargo and vessel are insured. She left Seattle March 8 and was on the return trip from Seward and Valdez. Among the passengers was Captain Mikkelsen, arctic explorer.

### QUEER MONEY AT MOBILE.

**Its Circulation Led to the Arrest of Young Man.**

Mobile, Ala., March 23.—L. E. Gray, a young white man, was Friday afternoon arrested on a charge of counterfeiting. Two of his companions are being watched.

Several days ago local banks reported that counterfeit $10 bills of the "Buffalo Bill" series had been detected in the deposits of the day. Federal secret service officers were called to the city immediately, and several people placed under surveillance.

Gray has been employed as a special writer for a local paper on a special edition. The federal officials say the arrest is the climax to one year's work by secret service officials. Other arrests are expected.

### JURY INVESTIGATING.

**Sensational Developments Expected at Clarksville, Tenn.**

Nashville, Tenn., March 23.—The Montgomery county, Tennessee, grand jury is in session at Clarksville investigating the killing of Vaughn Bennett and the wounding of his brother, Bart, alleged night riders, by "Hill Billies" some ten days ago.

A large number of witnesses have been examined, and it is reported that there will be sensational developments when the jury reports that some of the most prominent men in Clarksville and Montgomery county will be indicted in connection with the killing of Bennett. It is also reported that several men suspected of having taken part in the tragedy have left the county.

### JUDGE IS A CRACKSHOT.

**He Now Carries Pistol in Readiness For Black Handers.**

New York, March 23.—Judge Lewis L. Fawcett, of Brooklyn, judge of the county court, the recipient of many "black hand" threats recently, Friday was granted a permit from the police department to carry a revolver.

"I have received so many threats," said Judge Fawcett, "that I decided to take cognizance of them. Now, all I want is a chance for the first show."

Judge Fawcett is known as a crack revolver shot, and has more than a hundred medals he has won in contests with the pistol.

### LANDSLIDE CAUSES DEATH.

**Two Chinamen Perish and Scores of Others Injured.**

Pittsburg, Pa., March 23.—Two Chinamen are believed to have perished, scores of persons are suffering from inhaling gas, eight places were either set on fire or were the scenes of explosions and many persons narrowly escaped death Friday as a result of a landslide which demolished the gas regulator house of the Manufacturers' Light and Heat company at a suburb, causing a sudden heavy pressure of gas.

Fire was first discovered in a Chinese laundry. The ringing of the fire bells awakened practically every family in the suburb, who then found that their homes were rapidly filling with escaping gas, flames were shooting high in the air from the tops of many stoves and gas jets, and walls were blistered by the excessive heat.

In a number of instances incipient fires had already started. Before the gas could be shut off hot water boilers in several houses exploded, spreading consternation.

It is believed that had the residents not been awakened by the fire bells many would have succumbed to the deadly fumes of the gas.

A Chinaman's queque was found near the ruins of the laundry.

### $20,000 BLAZE AT MARIETTA.

**For a Time an Entire Block Was in Imminent Danger.**

Marietta, Ga., March 23.—Fire was discovered Friday morning about 12:30 o'clock in the restaurant of W. T. Mosher, situated in the building owned by the Misses Greer. In a short time while it was seen that the restaurant would be a total loss, and for awhile it was feared the entire block composing the south side of the public square would be destroyed. However, the fire was confined to the Greer building.

J. R. Greer, dentist, was burned out, his establishment being a total loss.

The stock of J. J. Hardage was also a total loss from fire and water.

The stock of the McClure Ten-Cent store was damaged by smoke; also the building owned by the Misses Greer was a total loss, the value of the building being between $8,000 and $10,000. The loss of the various stocks burned is estimated at $10,000.

### TOOK DEADLY VENGEANCE.

**Boy Kills Man Who Had Slapped His Face.**

Mobile, Ala., March 23.—Mark Adams, a young white man, was assassinated at Haynes, Miss., near Laurel, Miss., by George Evans, a white youth. Early in the day Evans appeared and began to play with an electric battery on which Adams practiced and studied telegraphy.

The boy was warned to stay away, and became impudent, it is claimed, and Adams slapped his face and sent him away. Later the boy returned with a pistol and killed Adams.

Much feeling is reported as existing at the little town but no violence is threatened.

**$24,000 Eggs Shipped.**

Decatur, Ala., March 23.—The shipping of eggs from this section of the state to New York, Boston and other eastern cities has become one of the leading industries here, and it is a profitable one, too. Sherrill Bros., of Hartselle, ship on an average of one car load a week, and Gibson Bros., of Hillsboro, ship from one to three car loads a month to the eastern cities. These eggs are the product of Morgan, Cullman and Lawrence counties. In two days Sherrill Bros. bought 27,000 dozen eggs in the town of Cullman alone.

**Carnegie Makes Kaiser a Gift.**

New York, March 23.—A gift from Andrew Carnegie to the German emperor started on its way Saturday across the Ocean, on board the Hamburg-American steamship Graf Waldersee. The present is a mammoth plaster cast of a historic dinosaur that Mr. Carnegie has sent to the emperor. The cast was made from the only specimen of this particular species known to exist and which is the property of the Carnegie museum in Pittsburg.

## STREETS RUN IN GORE

### That's What a Chicago Minister Would Like to See

### IN THIS PROHIBITION BATTLE

**Rev. Clarence E. Cornell Says He Would Like To Get a Gun Himself and Wage a Bloody Fight Against the Enemies of Prohibition.**

Chicago, March 23.—Rev. Clarence E. Cornell, pastor of the First Church of the Nazarene, wants to see the streets of Chicago run with blood in the combat now on between prohibition and its enemies. He told the Cook county Women's Christian Temperance union Friday that he would like to get a gun and do his part in the necessary shooting.

"I wish the decent people of Chicago would get so disgusted with the insolence and lawlessness of the saloonkeeper," said Mr. Connell, "that they would be compelled to vomit. I wish the advocates of liquor selling would continue their brazen defiance of state laws until they become odious. I wish the streets would run with blood in this struggle. I'd like to go out with a gun myself."

The fifty women present, and the three or four men applauded loudly and long. Here and there an "amen" was heard.

"Nine out of ten preachers are moral cowards on the prohibition question," continued Mr. Cornell. "They hold the key to the situation. They could win this country to prohibition if they preached the gospel of Christ in the right spirit. They are afraid to do it. They talk prohibition, but when it comes to the question of salary or displeasing a congregation, they falter and submit."

### ABRUZZI SAILS FOR EUROPE.

**He Would Not Be Interviewed by the Reporters.**

New York, March 23.—The Duke of Abruzzi, cousin of the king of Italy, who is reported to be engaged to marry Miss Katherine Elkins, sailed for Europe Saturday on the steamer Lusitania.

Up to the hour of sailing the duke declined to affirm or deny the reported engagement, but his demeanor was regarded by the reporters who gathered at the steamship pier as not that of a man who had failed in an important mission.

The duke was registered on the vessel's passenger list as Luigi Sarto. He boarded the steamer early and was accompanied to the dock by an attache of the Italian legation at Washington and by a secret service man. To the reporters he said:

"I am very sorry that I have no interview to give out, but come and see me at 8 o'clock."

"But the ship sails at that hour," said one of the newspaper men.

"Yes, I know it. I stayed up late to escape this. Everything is all right. Miss Elkins' family has refrained from making any public statement, and an erroneous construction has been placed upon their silence."

It is understood that the duke will disembark at Liverpool and hasten to Rome, Italy.

**175,000 Names to Petition.**

New York, March 23.—The committee appointed by the American Association of Masters, Mates and Pilots to get signatures for the petition to President Roosevelt to pardon Captain Van Schaick, sentenced to ten years' imprisonment as a result of the Slocum disaster, reports 175,000 signatures thus far. Captain Van Schaick was in command of the Slocum when that steamer was burned and a thousand lives lost.

**Was Killed Playing Ball.**

Clarksville, Ark., March 23.—A. M. Goddet, aged eighteen years, a student at the Arkansas Cumberland college, died Friday from the effects of a blow he received while playing baseball. Goddet was struck by the ball while attempting to [illegible]

### WOLVES ATTACK AUTOISTS.

**Twenty of the Gaunt Beasts Slain by the Chauffeurs.**

Chicago, March 23.—A dispatch to the Tribune from Cheyenne, Wyo., says:

Attacked by a large pack of timber wolves, the drivers of the Italian car Zust in the New York to Paris automobile race, were forced to use rifles and pistols Thursday night near Spring Valley to drive the hungry animals away.

The car was creeping along over a muddy road when the cry of wolves was heard behind them and the animals, growing bolder each minute, surrounded the car. They were not frightened by the tooting of the horn on the machine nor did they fear the lights that were flashed on them. They snapped at the rubber tires and mudguards and then the weapons were brought into use.

Cowboys Friday picked up pelts of twenty wolves slain by the Italians.

### WHERE IS THIS GIRL?

**Father Has Spent $9,000 in Effort to Find Lost Daughter.**

New York, March 23.—After three years' search on his own account for his missing daughter, involving the expenditure of more than $9,000, Jacquith Gewitsch, a retired milliner, has finally appealed to the police to find the girl. If she is still alive, the missing girl, Olga, is twenty-three years old.

Since her disappearance at the age of twenty, private detectives have searched for her in half a dozen countries. Mr. Gewitsch said Friday night that he felt sure his daughter was still living. "I hope she may see some account that may be printed of my attempts to find her or that the police locate her," he said.

He believes the girl ran away to go on the stage. There is $5,000 willed to her by relatives in Austria, held in trust for her, but she has made no effort to get it.

### MACON MAN SUICIDES.

**Pinned Note to His Coat with These Words "I Am Guilty."**

Macon, Ga., March 23.—Charles P. Gooding, head of a prominent family, residing on Johnson avenue, was discovered dead on the rear veranda of his residence by his wife when she returned at dark from Bellevue, where she had been conducting a prayer meeting, a shot wound through the head and a card pinned on his coat indicating that the husband had committed suicide.

The card bore the words, "I did it; I am guilty."

There was nothing other than the revolver at his side and blood about the easy chair which he occupied to cause his friends to place the responsibility upon the dead man.

### BOOK INSURED FOR $10,000.

**Rare Volume is Shipped from New York to British Museum.**

New York, March 23.—Destined for the British museum and insured for $10,000, a hand-made illuminated book of 274 pages, dating from the early part of the fourteenth century, will be shipped on the Kron Prinzessin Cecilie next Tuesday.

A Brooklyn man is making the shipment and has made arrangements for the little volume which is about 7x6 inches in dimensions.

The text is religious and the contents tell how best to employ each hour. The cover of leather is said to be the work of the last century, and upon it is inscribed "Heures Anciennes."

**Senate Hears Labor Grievances.**

Washington, March 23.—The American Federation of Labor's statement of grievances was laid before the senate Friday by Vice President Fairbanks, and was read in full. At the request of Senator Burrows it was ordered printed as a senate document, and on motion of Senator Gallinger 1,000 copies were authorized.

**Army Tests for Elks.**

Washington, March 23.—A resolution was passed by the house authorizing the loan of 2,000 army tents for use at the national convention of the Elks to be held in Atlantic City, N. J., in July.

## NIGHT RIDERS KILL

### First Murder by Them in Blue Grass Region.

### FARMER IS SHOT DOWN

**Called to His Door at Night, He Fired Upon a Band of Men Who Returned a Volley and He Fell Dead in His Wife's Presence.**

Carlisle, Ky., March 23.—A band of night riders early Saturday morning shot and killed Harland Hedges, a prominent farmer, seven miles northwest of this place.

This is the first murder by the night riders in the "blue grass" region of Kentucky.

Hedges was awakened by shouts shortly before 2 o'clock. Apprehending trouble, he went to his front door with a shotgun and fired once.

The night riders replied with a volley, which killed Hedges just as his wife reached his side.

The masked men then rode rapidly away, and did not attempt to set fire to Hedges' house or barn.

Hedges is an independent tobacco farmer, and is widely known over the county.

### ROOSEVELT CRITICIZED.

**Hardwick, of Georgia, Makes Attack on President.**

Washington, March 23.—More criticism of President Roosevelt was indulged in in the house of representatives Friday, when he was roundly denounced by Mr. Hardwick of Georgia, for failing to send to congress all information regarding corporations which had come into his possession.

The president, however, found a ready and vigorous defender in Mr. Mann, of Illinois, who asserted that the president had acted with the utmost good faith in sending to congress all information that had come to him.

The discussion arose over a resolution by Mr. Hardwick to require the president to supply the house with all data so far obtained by the bureau of corporations. The resolution was tabled, 148 to 115.

### MISTAKEN FOR SMUGGLERS.

**Custom Inspectors Kill Each Other Under a Mistake.**

El Paso, Tex., March 23.—Mounted Customs Inspectors Charles Logan and Charles Jones fought a duel in the dry bed of the Rio Grande river, in this city Thursday night, and both were killed. Their bodies were discovered Friday. It is supposed that each mistook the other for a smuggler.

Logan was a son of the late Major T. H. Logan, of the United States army, and a brother of the wife of Captain Frank E. Wickham, Twelfth infantry, United States army, stationed at Governor's Island, N. Y. Jones was a railroad man. He lived at San Anotnio and Houston, Tex., before entering the customs service.

### A DANGEROUS CARGO.

**Sailors Refused to Ship on Vessel Containing Load of Dynamite.**

Philadelphia, March 23.—Fifteen members of the crew of the British steamship Klora, loading dynamite at Thompson's Point, N. J., for the construction department of the Panama canal, left the vessel Friday and no amount of persuasion could induce the seafarers to return to duty.

They claimed that the Klora is a floating mine and that going to sea with such a dangerous cargo meant death if any accident should occur.

Fifteen new men were shipped and the Klora proceeded for Colon.

**Didn't Invite William J.**

New York, March 23.—Announcement was made Friday of the fact that Governor Johnson, of Minnesota, is to be the chief speaker at the Jefferson dinner of the National Democratic club, to be held on April 13. It was also declared that William J. Bryan has not even been invited to attend, although he will be in the city at that time.

# NEW CITY DIRECTORY A VERY FINE WORK

## Burtz' Book for 1908 is Complete Encyclopedia in Itself.

### IS REPLETE IN EVERY WAY

**Contains Classified Directory of Social, Residence and Business Interests, Furnishing All Information of City That Could be Desired.**

After some delay, occasioned by inability to secure sufficient labor in the print-shop, Burtz' Gainesville Directory for 1908-9 has made its appearance, and will be distributed and placed on sale immediately.

This book, which is one of the neatest of its kind ever published, is printed on the very best grade of enameled book paper, cloth bound, the cover being buff, with red and black ink, making a very handsome appearance.

The work contains 120 pages and eight pages of inserts in two colors. It is a most complete volume, affording all general information usually carried in a directory, with some extra points. The book is divided into three sections, beginning with a complete general directory. Following this is a classified residence directory, the name, occupation and address of each resident being given, the white and colored people being separated. Following the residential directory, there is an alphabetically arranged and classified business directory, embracing business and professions, manufacturing, etc.

Another feature of this work which makes it unusually attractive is the very high grade of all material used in its construction, every few pages being alternated with cuts illustrating street scenes in Gainesville.

The compiler and publisher of this work draws a most impressive parallel of the rapid growth of Gainesville with other Florida cities. As evidence of this remarkable growth, the population is given for this year as 7,335, as against a population in 1905 of 5,245—an increase within this short period of 2,081 names. Of the present population there is estimated 3,900 whites and 3,435 colored.

This directory will prove of the greatest value to our citizens, and the publisher anticipates no trouble in disposing of the issue without delay.

## FINAL HEARING IN MAY.

### Interstate Commission Will Have Final Argument for Florida Growers.

F. D. Warner, president of the Florida Fruit and Vegetable Shippers' Protective Association, and C. A. Colclough, a member of the association, have returned from Jacksonville, where they went as representatives of the association before the Interstate Commerce Commission, in the argument for better rates on Florida produce.

The story of the discrimination by the transportation companies against Florida is well known, having been published on several former occasions. The hearing in Jacksonville was a continuation of the argument which began in Washington before the commission several weeks ago, and which hearing was postponed to March 20, in Jacksonville.

The hearing in Jacksonville was conducted under the direction of Judge Purdy, and Mr. Warner states was fair in every way. After a couple of days the evidence on both sides was completed, and a final argument was ordered for Washington on May 14, shortly after which a decision may be expected.

## MR. STOKES HAS PAPERS.

### Holds Order of His Parole and Last Order of General Lee.

Among the prominent Confederates who attended the quarterly session of the United Confederate Veterans last week was H. E. Stokes of LaCrosse.

Captain Stokes was Captain of Company C, Second Florida Regiment, Colonel W. R. Moore commanding, and brought with him a parole under date of Appomattox Court House, Va., April 10, 1865, which gave him the privilege of "going home and remaining undisturbed." He has also a copy of Gen. Robt. E. Lee's last orders, surrendering the Army of Northern Virginia at Appomattox, under date of April 10, 1865, which is well preserved, considering its age.

Mr. Stokes appreciates these documents very highly, and declares he will keep them "to the end of time."

# PORTLAND, MAINE, CHILD

## Ill, Weak and Emaciated, Restored to Health by Vinol.

Mr. J. W. Flagg of Portland, Me., writes: "Our little daughter, six years of age, after a severe attack of the measles, which developed into pneumonia, was left pitifully thin, weak and emaciated. She had no appetite, and her stomach was so weak it could not retain food. She lay in this condition for weeks, and nothing the doctor prescribed did a bit of good, and we were beginning to think she would never recover.

"At this time we commenced to give her Vinol, and the effect was marvelous. The doctor was amazed at her progress, and when we told him we were giving her Vinol, he replied, 'It is a fine remedy, keep it up.' We did so, and she recovered her health and strength months before the doctor said she would."

The reason Vinol accomplishes such results, when everything else fails, is because it is a cod liver preparation made by a scientific, extractive and concentrating process from fresh cods' livers, combining with peptonate of iron all the medicinal, healing, body-building elements of cod liver oil, but no oil. When the powers of life are low Vinol restores the whole digestive system to a normal condition and makes it possible for the daily food to nourish the body as nature intended.

For this reason there is nothing equal to Vinol to create strength for the aged, the weak and run-down and convalescent. Try it on our guarantee.—W. M. Johnson, Druggist, Gainesville, Florida.

## GOVERNOR BROWARD HERE.

### Came for Visit to Judge Carter, But Suddenly Called Home.

Hon. Napoleon B. Broward, Governor of Florida, who arrived in this city Sunday for a brief visit to his friend, Judge Syd L. Carter, was very much grieved shortly after his arrival here to receive a telegram announcing the sad death of Senator W. J. Bryan.

Governor Broward left on the first train for Tallahassee, after receipt of this telegram, hence did not have an opportunity of meeting his numerous friends here, all of whom would have been glad to see him.

## BETTER THAN MEDICINE.

### Breathe Hyomei's Tonic Healing and be Cured of Catarrh.

Nature has a remedy for catarrh, a treatment that is far better than dosing the stomach with medicine and drugs.

It is the healing oils and balsams of Hyomei which medicate the air you breathe, reaching the most remote air cells in the nose, throat and lungs, killing all catarrhal germs and restoring health to the mucous membrane.

The use of Hyomei is like a curative internal air bath, and has the same healing and antiseptic effect as where the pine forests give off their fragrant and healing balsams.

Breathe the invigorating and healing Hyomei and see how quickly you will get relief from catarrh. If it does not help you there will not be a penny's expense, as J. W. McCollum & Co. agree to refund the money if it fails to cure. The complete Hyomei outfit costs only $1.

### Captain Getzen Still Ill.

The numerous friends of Captain T. W. Getzen, who has been quite ill at his home in Fort White for several days, will regret to learn that his condition remains unchanged—in fact, if there has been a change it has been for the worse.

Captain Getzen is the father of Mrs. J. F. Bunch of this city, who has been at his bedside for several days.

### Card of Thanks.

Mr. and Mrs. H. W. Toole desire through The Sun to express their sincere gratitude and thanks to those who so kindly administered to them during the recent illness and death of their darling little child, Elise, and assure those who were so faithful that they will never be forgotten.

## DEATH OF "AUNT SARAR."

### Another of Gainesville's Faithful Negro Servants Laid to Rest.

Sarah Green, colored, died at her quarters at the home of Mr. and Mrs. Jas. M. Graham, West Main street N., at 5 o'clock Sunday afternoon of Bright's disease, after suffering several months.

Deceased was about seventy years of age, and was familiarly known to those with whom she was acquainted as "Aunt Sarah." She was an old slave, faithful almost to a fault, and has been in Florida all her life, having been born and partially reared in Bradford county. She was one of the oldest residents of Gainesville, however, having been here for more than forty years. For the past seventeen years or more she has been a servant of Mrs. Graham, during which time she has proved herself most faithful, and Mrs. Graham and family naturally thought a great deal of her. For the past few years she has occupied a comfortable, snug little room which was built especially for her, in the rear yard of the Graham home, and all during her illness Mrs. Graham personally saw that she had the best of attention.

The Grahams, true to Aunt Sarah, gave her a most respectable burial. They purchased a nice casket, and her remains were laid to rest in a neat lot which was purchased for her.

The funeral was held at 10 o'clock Monday morning from the Mt. Pleasant M. E. Church, Rev. S. A. Huger officiating, assisted by Revs. Deas and Drake. The services were largely attended, a number of white friends of deceased being provided with special seats. These white friends also followed the remains to their last resting-place, carrying flowers to strew upon the grave. The casket was also covered with flowers at the church.

Aunt Sarah's kind is gradually becoming extinct, and she will be greatly missed at the home where she has so long and faithfully served, and where everything possible was done for her as a token of appreciation for her faithfulness.

## KILL THE GERMS.

### That's the Only Way to Cure Dandruff—and Parisian Sage is the Only Killer.

"Parisian Sage," said a New York barber "will kill the destructive and persistent germs of dandruff and abolish the disease. There may be other remedies that will do the same, but I never heard of one."

And just read what one of the foremost barbers of Springfield, Mass., says of Parisian Sage.

"Dear Sirs: I used your Parisian Sage and found it better than any other. It is the best Hair Restorer I ever used, and I have used them all. I find it a great Dandruff remover also. You should get it into all the Barber Shops and get the barbers to use it as it is great. I remain, Yours truly, Geo. A. Stilz, 73½ Main street, Springfield, Mass."

Parisian Sage soaks into the scalp and when it reaches the roots of the hair it not only kills every dandruff germ, but it supplies the hair with just the right kind of nourishment to put vigor and strength into it and make it grow.

Parisian Sage is the most delightful hair dressing in the world: use it one week and you will never give it up.

Parisian Sage is guaranteed by W. M. Johnson to stop falling hair; to cure dandruff; to darken gray and faded hair; to cure itching of the scalp or money back. Price 50 cents a bottle at W. M. Johnson's or by mail, charges prepaid, from Giroux Mfg. Co., Buffalo, N. Y.

**Captain Blanding and Lieutenants Warren and Wheeler Anxious that Citizens Should Come Out and Encourage the Soldier Boys.**

Tonight will be a very pompous occasion at the new armory of Company M, Second Infantry, Florida State Troops, Gainesville Guards, being the occasion of inspection by Captain Lawrence S. Miller, Coast Artillery, U. S. A., and Captain Byron McG. West, who will represent the Adjutant-General of the State Troops, Hon. J. Clifford R. Foster, who will not have the opportunity to be present.

Captain J. W. Blanding, commanding the Guards, is anticipating this inspection with a great deal of enthusiasm, as are also Lieutenants Shields Warren and W. D. Wheeler. The company was never better or stronger, and indications are that the organization will turn out strongly upon this occasion.

There will be regualr drill incidental to this inspection, when the boys will be put through the various field maneuvers and manual of arms. The company is well drilled, and those who witness the exercises tonight will no doubt appreciate the efficiency of the company.

A cordial invitation is extended to the public, especially the ladies. Those in attendance will not only witness an interesting drill, but will be given an opportunity to inspect the elegant new armory and club rooms, the athletic hall, etc.

The exercises will begin at 8 o'clock. Delicious fruit punch will be served to the guests.

John O. LaFontisee, for many years connected with The Sun in the capacity of associate and city editor, but now of Jacksonville, where he holds a position on The Industrial Record, spent a few hours here yesterday. John is not only an up-to-date newspaper man, but a clever fellow as well, and has many friends throughout the State.

Mr. and Mrs. James Wilmont of Johnstown, Pa., have arrived in the city, and are stopping with Mrs. C. E. DeLand, Each Church street. They have been spending the past two months delightfully at St. Petersburg, but decided to pass a few days in Gainesville before returning to their home. They are old friends of Dr. H. C. Spencer of this city, and their meeting was naturally a most agreeable one.

Miss Nettie Arnes a charming young lady of Louisville, Ky., who has been here for the past few weeks as a guest of the Misses Goode, has returned to her home. She was accompanied on her return by her brother, Roy, who has been here for the past few days. Miss Lovie Goode also went as far as Jacksonville, returning last night. Miss Arnes made many friends who regretted very much her departure, and trust to see her here again next season.

B. M. Tench has gone to Columbus, Ohio, where he will remain for the next few days. Mr. Tench, who is a member of the firm of Hyde & Tench, shoe merchants, feeling that an outdoor life would be more beneficial to him, has accepted a position with H. C. Godman, one of the largest shoe manufacturers in the United States, and will in future travel. He retains his interest here, however, and will be identified with Gainesville in every way. James Chesnut, a well-known and popular young man of this city, will fill Mr. Tench's position at the shoe store.

# One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

## TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

## TWENTIETH CENTURY CLUB.

**Interesting Meeting at the Home of Mrs. E. E. Cannon March 16.**

The "Civics Meeting" of the Twentieth Century Club was held Monday, March 16th, at the home of Mrs. E. E. Cannon.

There was a large attendance, and responses to roll-call on "How to Beautify Our City," brought forth many excellent ideas on the subject.

Papers read by Mrs. Chapin and Mrs. Grieve contained good suggestions, and the club proceeded at once to take steps in the important work of town improvement, committees being appointed to solicit the assistance of both mayor and council.

A motion was carried to send to president of Chautauqua an endorsement of the program held each year, and pledging the loyal support of the club for future sessions.

The "devil" got into the electric motor in The Sun office Saturday night and it refused to work, putting the linotype out of business for about four hours. As will be seen by announcement elsewhere in this paper, C. C. Pedrick is a candidate for re-election as county commissioner from this, the third district. Mr. Pedrick has for two terms been the efficient representative of the people as commissioner, during which time he has filled the position not only with credit to himself, but benefit to the community, as is best demonstrated by the miles of hard roads and the number of substantial steel bridges which have been constructed during his administration. Mr. Pedrick stands squarely on the platform of good roads and public improvements, and asks the support of all those who want to see this policy carried out.

## SENATOR BRYAN IS DEAD.

While the people of Gainesville were reading the pleasing statement in the daily papers on Sunday that Senator Bryan's condition was much improved, the news was received by wire that he had died that same morning. The first intelligence of the sad death of this brilliant young man came through a message to Governor Broward, who was the guest of Judge Syd L. Carter. The Sergeant-at-Arms of the United States Senate also notified Mr. Dave Bryan, a brother of the deceased, who is a student at the University of Florida in this city.

Senator Bryan was well known to many of the people of this city personally, and everyone, whetner they had ever met him or not, expressed the deepest regret that his brilliant and promising career had been so suddenly ended.

William James Bryan was a native of Orange county and was 31 years old. Upon the death of Senator Mallory a few weeks ago Governor Broward appointed him to fill the unexpired term ending March 4, 1909. Next to Henry Clay he was the youngest man who ever occupied a seat in the U. S. Senate. He had barely become acquainted with the duties of the office when he was stricken with typhoid fever, and after three weeks' illness he succumbed to the dread disease in the hospital at Washington.

Senator Bryan was a brilliant orator and a lawyer of exceptional ability, an unusually pleasant man to meet, and a typical Southerner. He was a candidate to succeed himself and had a strong following throughout the State.

Commenting upon Senator Bryan's death, The Times-Union of Monday says:

"Will Bryan is dead! This sad message flashed from lip to ear throughout Jacksonville yesterday, and the wires carried it to friends and relatives in various parts of the State. The news came as a shock, because reports from his bedside during the last few days were encouraging, and the latest bulletin that came over The Times-Union's leased wire from Washington at 2 o'clock Sunday morning reported a much improved condition and hope for his recovery.

"Will Bryan was a lovable character, handsome, magnetic and eloquent, and his friends looked forward to a brilliant career for him. They were proud of him, and they were happy in his success. But the Grim Reaper came and earthly ambitions for him are at end.

"Side by side in the Senate chamber sat Senator Whyte of Maryland and Senator Bryan of Florida, the oldest and the youngest Senator. Only a few days separate them in their journey to the Great Beyond. Both are dead. And it seems only yesterday that they were in the full vigor of life, planning together measures for the benefit of their constituents.

"Seven United States Senators have been claimed by death within the past ten months. These were John T. Morgan and Edmund W. Pettus, both of Alabama; Stephen R. Mallory of Florida, Asbury C. Latimer of South Carolina, Redfield F. Proctor of Vermont, William Pinckney Whyte of Maryland and William James Bryan of Florida.

"In this unusual harvest of death, Florida has twice suffered, the Reaper coming the second time while the wound left by the death of Senator Mallory still ached in the hearts of his friends."

With a flourish of trumpets we are told that Stephen Benton Elkins may become the grandfather of a king of Italy. Shucks! What does that amount to for a man that has a cinch on the United States Senate and is worth $10,000,000?

Judging from the start of the submarine inquiry, Lilley will look like a faded flower at the end.

## THE MAN AND HIS JOB

By Herbert J. Hapgood.

If you would become great you must appeal to the greatest possible number of people. An idea which strikes you as a good one may be good only with reference to a selected few. It is true that many propositions, designed to satisfy the wants of a certain class of the population, have met with unquestionable success; but in every case your power is limited. On the other hand, when you appeal to the whole people, your proposition knows no bounds. It is limited only by your ability to make a go of it.

Many years ago, when Joseph Pulitzer began his career in America as a waiter in a St. Louis restaurant, he noticed that most of the people who came into the place ordered ham and eggs. From that time he made up his mind that if he would become great he would have to appeal to the "ham and egg" public.

One day Carl Schurz, then editor of The Westliche Post, came into the restaurant and before long young Pulitzer was working on his newspaper. He advanced rapidly and soon came East, where he assumed charge of The New York World and immediately put into effect his "ham and egg" policy.

It was this policy that brought Pulitzer to the front, and the principle which underlies it has been a guide for many successful men.

Find out the wants of the greatest number and get an idea that will appeal to the "ham and egg" public.

The great alien exodus continues and is taken as one of the signs of business depression. If the depression extends to Black Hand Anarchy and Mafia circles the country will try to put up with it for a while longer.

## Often The Kidneys Are Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely *free* if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

The sergeant notified the officers of the whereabouts of Ellroad. According to an unconfirmed rumor the commandant at the fort tore off the sergeant's decorations and reduced him to the ranks for reporting the location of the murderer.

Because it does all this, Mucu-Tone is to our nation the ideal spring tonic. The very first dose of Mucu-Tone braces you up, while three or four weeks of it in tablespoon doses three times a day will make you feel like a new person.

It will rebuild your whole system, making you fairly bubble over with good spirits, buoyancy and vigor of perfect health.

If you are feeling badly, are afraid you are going to be sick; if you are run down and miserable generally, our advice is to take a fifty cent bottle of Mucu-Tone. If it doesn't straighten you right up and make you feel better than you have in months, we will promptly return you your money.

### A REASON

The United Drug Company increased its business 81 per cent. in December, 1905, over the corresponding month, 1904.

When you consider that all their products are guaranteed to give satisfaction or money refunded, isn't this increased evidence of satisfaction on the part of the purchasers of Rexall Remedies? Could a business grow as rapidly as the Rexall Remedies have if its products weren't a good deal better than its competitor? There is some pleasure in being satisfied—why not try a Rexall Remedy for your ailment? We have it.

# AN STOMACH HAS BECOME DEGENERATE

## Animals Are Healthier Because of Strong Digestive Apparatus.

An interesting interview was recently published with L. T. Cooper, the [illegible] whose theory and medicine created such a sensation during the past year.

Mr. Cooper, in speaking of the remarkable success of his medicine, had this to say on the subject: "My medicine tones the stomach. That is why it is successful. The human stomach has become degenerate, and is responsible for most ill health. In the case of the dog, and the wild animals generally, you see no nerve exhaustion or chronic debility. They eat up day after day with [illegible] no exercise, and they are not stuff themselves with food [illegible] bodies have not had enough [illegible] to vitify it. The human race [illegible] doing this for years, and [illegible] result—half the people are [illegible] of poor health, not real [illegible] a half-sick, tired, droopy [illegible] don't really know what [illegible] with them.

"I find that all the trouble is [illegible] weak, overworked stomachs. I have proved this with my [illegible] many thousands of people [illegible] of the leading cities of [illegible]. I expect to do the same [illegible] Europe next year. This is the reason for the demand for [illegible] medicine."

Those who have recently [illegible] to Cooper's theory is [illegible] Brown of 8 Hancock [illegible] Chester, Mass. Mr. Brown [illegible] any of his experience with the new medicine: "For over seven years I suffered with catarrh of the stomach, and for the past year I was lame with rheumatism. I attributed this to my stomach trouble, as my circulation was very poor. What food I ate would turn to gas almost at once. I would have a sensation of bloating, and would have to belch frequently to relieve this. My heart also became affected, and I would suddenly become dizzy and have palpitations. I was tired and dull and despondent at all times. I lost a great deal of flesh, and was nervous and depressed. This went on for over seven years, although I spent hundreds of dollars trying to get relief.

"When Cooper was in Boston I heard a good deal about his ideas on stomach trouble. Next, one or two friends told me that his medicines had greatly helped them. I purchased some of the New Discovery medicine. Today I am perfectly well; I sleep like a boy, can eat anything and have no rheumatism or heart trouble. I no longer have any gas on my stomach, and feel as I did years ago. No one could be more astonished by these facts than myself. They are remarkable, but true. This is indeed a wonderful medicine."

The Cooper preparations have been more widely sold and discussed since being introduced than anything of the kind ever before sold by druggists. We sell them and explain their nature. —J. W. McCollum & Co.

## ECHOES FROM THE CONVENTION.

**Matters of Interest to Members of the W. C. T. U.**

The following W. C. T. U. happenings of the Anti-Saloon League Convention during the past week are furnished for publication:

Miss Minnie Neal, State Superintendent of W. C. T. U. of Florida, being unable to be present at the convention, sent greetings to same to be read by Mrs. J. P. Coffin, State Superintendent of Sunday School Work. Mrs. Coffin also brought greetings, and both were heartily enjoyed.

Some of the most important of each we thought might be of interest to some who were unable to be present. Miss Neal's was entitled "Hearty Greetings to the Florida Anti-Saloon League."

"At the Norfolk convention of the Anti-Saloon League in September, 1907, Rev. P. A. Baker, the general superintendent, in his annual report, said: 'The womanhood of this country can do the best service against the liquor traffic through the church and the W. C. T. U. The manhood of the country can do the best service through the church and the Anti-Saloon League.'

"The greatest organization of women in the world extend warm greetings to the great organization of man against the saloon.

"We stand with you in the work; we welcome your coming. There is need of all existing temperance organizations. None have pre-emptied the territory. The foe is mighty, the need is great. The work is for all, and especially is there work for our manhood in this warfare against the terrible home destroyer—the saloon. We have labored long against great discouragement. There has been growth in sentiment, increase steadily in reform legislation, but the work is not done. Our laws recognize the license system, laws are openly violated. Perhaps the same Providence who announced so many years ago, "It is not good for man to be alone," recognized that it was not well for women to be alone in reform work and sent the Anti-Saloon League into our State to supplement the educational work of the W. C. T. U. with a crystalizing of the feeling of men against intemperance into a lively interest in the affairs of state, would that you had come sooner. If the great educational work of the W. C. T. U. has produced a generation of men and women that will no longer allow them to be partners in the liquor traffic, who shall say that this organization has not accomplished a marvelous work? We have labored in faith, knowing our work was eternal. We rejoice at your coming—where we can use our forces to help you we will spare no efforts. There is one foe. Let us direct every force to its destruction. MINNIE E. NEAL."

Mrs. J. P. Coffin calls the W. C. T. U. "Organized Mother Love," and says as follows: "The work of the W. C. T. U. is largely educational, being an outgrowth of the Woman's Crusade of 1873-4, when women, grown desperate over the havoc made of their homes by the saloon, arose in their wrath to meet the curse of all their sorrow and humiliation. In less than two months from the time they started it was driven out of two hundred and fifty towns and villages. They were an Anti-Saloon League then and have been ever since, as the W. C. T. U., the largest organization of women in the world, covering fifty-two countries, with a membership of about 500,000. Our organization believes that prevention is better than cure, and that knowledge is necessary in order to escape an evil; therefore many of our departments of work are educational. The children are our hope for the future. The W. C. T. U. originated the idea of scientific instruction in the schools and were also an important factor in securing the insertion of the quarterly temperance lesson in the international Sunday school Lesson Series, and have caused the unfermented juice of the grape to be substituted in nearly every church in place of fermented wine at the Lord's Supper.

"The saloon men say that they must find some means to get the boys, as they are necessary to their future success. Shall we not work the harder to prevent this awful sacrifice?"

Mrs. Coffin closed her very interesting remarks with the following appropriate little poem written by her husband:

"Let us bring a sister's welcome
"To a brother newly born.
"Trusting as through life we journey
"Brighter will be every morn.
"May the world be brighter, better,
"For the brother born today.
"May the glorious cause of temperance
"Prosper greatly on the way.
"May we now as brother, sister,
"Look to God to guard and guide,
"And may Satan's power be weakened
"As we journey side by side."

Mrs. Margaret Gross represented the Gainesville W. C. T. U., and all were delighted with her words of welcome. She not only spoke for Gainesville, but for her far-off home in Nova Scotia, showing how the little white ribbons span the globe. She spoke of the A. S. L., an organization conceived and born of the Woman's Christian Union and working along harmoniously with it, as a younger brother, both bent on a noble work for God and home and native land.

# NOT A PARTICLE OF SKIN ON BODY

**Worst Case of Eczema Doctor Had Seen in 40 Years — For Six Months Father Expected His Baby to Die—Blood Oozed Out All Over Her Body—Had to Be Wrapped in Silk and Carried on a Pillow—Now She Is Perfectly Cured.**

## DOCTOR RECOMMENDED CUTICURA REMEDIES

"My little girl was born two weeks before her time and my wife died four hours after the birth of our child and I had to raise the baby on artificial foods. Six months after birth she broke out and I had two doctors in attendance. There was not a particle of skin left on her body, the blood oozed out just anywhere, and we had to wrap her in silk and carry her on a pillow for ten weeks. She was the most terrible sight I ever saw, and for six months I looked for her to go to her mama, but thank God and his agents, she is alive and well to-day and she will be three years old the seventh of December and has never had a sign of the dread trouble since.

"I used every known remedy to alleviate her suffering, for it was terrible to witness. Dr. C—— gave her up and then I went to C—— F—— and got Dr. B—— and he and Cuticura Soap and Cuticura Ointment saved her. He recommended the Cuticura Remedies, or said we were right in making use of them. As nearly as I can remember, we used eight cakes of Cuticura Soap and three boxes of Cuticura Ointment; but you must take into consideration that hers was an exceptional case, for an old and good doctor said that it was the worst case that had come to him in forty years. I have always hinged on Cuticura Soap to keep her skin soft and to give her a pure complexion. James J. Smith, Wood and Metal Pattern Maker, Box 234, Buena Vista, Va., Oct. 14 and 22, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.) (in the form of Chocolate Coated Pills 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

**Exodus of Polanders.**

Springfield, Mass., March 23.—A wholesale exodus of Polanders to Europe will follow the ten per cent reduction in wages in the Chicopee and Holyoke cotton mills. Seventy-five per cent of the 4,500 operatives affected are Polish. Steamship agents stated that they have sold all their steerage and second-cabin accommodations at their disposal in outgoing liners for six weeks to come. Four days' work a week at reduced wages, the workmen assert, will not pay the cost of living.

## SHIP-SUBSIDY BILL PASSED.

**Goes Through Senate Without Division Being Called For.**

Washington, D. C., March 23.—The ship subsidy bill was passed by the senate Friday. It pays to 16-knot vessels plying between this country and South America, the Philippines, Japan, China, and Australia $4 per mile, the amount awarded by the act of 1891 to vessels of 20 knots only.

The bill was amended in the senate so that 12-knot vessels will receive $2 per mile, which is the allowance under existing law to 16-knot vessels. Amendments were also adopted providing that if two or more lines of steamships ply from Atlantic ports to South America, under the provisions of the bill, one line shall stop at two ports south of Cape Charles and stipulating that no more shall be paid for subsidies than is received by the government as revenue from such service.

During the consideration of the measure Mr. Hale made a spirited plea for an auxiliary navy, declaring that without auxiliaries our navy is dependent upon foreign countries, and that in case of war we would be helpless.

The bill was passed without a division of the senate being called for.

A bill was passed increasing the salaries of men employed in the life-saving service.

**Will Be Big Parade.**

San Francisco, March 23.—Every branch of the army will take part in the street parade which will follow the arrival of Admiral Evans' fleet. The army contingent will be headed by General Funston and his staff. The military pageant will include a provisional regiment of coast artillery, the entire Twenty-Second field artillery and a squadron of the Fourteenth cavalry, and companies of engineers and signal corps. There will be nearly three thousand men in line.

# Albert W. Gilchrist

**Candidate for Governor of Florida**

No faction, machine or ring, brought him out. He came out as a candidate alone and single-handed. He will be glad to receive the support of the corporations, of the anti-corporations, the prohibitionists and the anti-prohibitionists, of the local optionists, the Christians and the Jews and of the Gentiles, the "Publicans and sinners." He would even accept the support of the Pharisees.

The corporations cannot do without the people, and the people cannot do without the corporations. Neither should be allowed to oppress the other. Capital is organized, labor should organize.

The license tax law licensing each little enterprise should be amended in order that taxation should bear more evenly.

Article XIX of the Constitution provides for Local Option. The qualified electors (not the Governor) approve or veto constitutional amendments. He is not on the "recently constructed band wagon."

He commenced life working in Quincy, Florida, at a salary of $15 per month, and boarded himself. He has himself been a hard-working, struggling man and he knows what it means in others. He has never married, he has always had obligations. His life has been spent more in thoughtful consideration of other people than of himself. He feels sure he will be elected "if he gets enough votes." He does not propose to trade off a single office. There is honor in being Governor. If it is tainted with dishonor he does not want the office.

# WOMAN'S BACKACHE

The back is the mainspring of woman's organism. It quickly calls attention to trouble by aching. It tells, with other symptoms, such as nervousness, headache, pains in the loins, weight in the lower part of the body, that a woman's feminine organism needs immediate attention.

In such cases the one sure remedy which speedily removes the cause, and restores the feminine organism to a healthy, normal condition is

**LYDIA E. PINKHAM'S VEGETABLE COMPOUND**

Mrs. Will Young, of 6 Columbia Ave., Rockland, Me., says:

"I was troubled for a long time with dreadful backaches and a pain in my side, and was miserable in every way. I doctored until I was discouraged and thought I would never get well. I read what Lydia E. Pinkham's Vegetable Compound had done for others and decided to try it; after taking three bottles I can truly say that I never felt so well in my life."

Mrs. Augustus Lyon, of East Earl, Pa., writes to Mrs. Pinkham:

"I had very severe backaches, and pressing-down pains. I could not sleep, and had no appetite. Lydia E. Pinkham's Vegetable Compound cured me and made me feel like a new woman."

**FACTS FOR SICK WOMEN.**

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

# CATARRH BLOOD UNHEALTHY SYSTEM DERANGED

The entire inner portion of the body is covered with mucous membrane; this membranous tissue is abundantly supplied with blood vessels, veins, arteries, and capillaries. Each of these is constantly supplying to this tissue or lining, blood to nourish and strengthen it and keep the system healthy. When the blood becomes infected with catarrhal matter it is not able to furnish the required amount of healthful properties, but feeds the parts with impurities which disease the membranes and tissues so that they become irritated and inflamed, and Catarrh, with all its disagreeable and dangerous symptoms, is established in the system. There is a constant ringing in the ears, a thin, watery discharge from the nostrils, the breath has an offensive odor, slight fever often accompanies the disease, and gradually the entire health becomes affected and the system upset and deranged. In its earlier stages, when Catarrh is confined to the nose and throat, sprays, washes, inhalations, etc., are soothing and in a way beneficial, because they are cleanly and usually antiseptic, but such treatment has no curative effect, because it does not reach the blood. To cure Catarrh the blood must be purified, and this is just what S. S. S does. It goes down into the circulation and attacks the disease at its foundation; it removes the cause and makes the blood pure and healthy. Then the blood vessels are filled with fresh, reinvigorated blood, which is carried to all the mucous surfaces and linings, the inflammation and irritation are corrected, the symptoms all disappear, the health is improved and Catarrh is permanently cured. Book on Catarrh and any medical advice free to all who write.

## PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.
